

Ethernet Cradles

for Symbol® Mobile Computers

PS6S9000UE

PS6SMC3000UE

PS6S8800B-UE

Symbol+PLUS
VALIDATED

Rugged, Industrial-class, Single-slot Ethernet Cradle

- Connect Symbol mobile computers into any Ethernet network
- Tailored design allows one-handed insertion and removal of the mobile computer
- Supports mobile computers deployed in harsh, dirty or extreme environments

“Wired” Ethernet Connection

- Increase efficiency and speed with 10 mbps or 10/100 mbps Ethernet connection
- Provides simple and reliable integration between Symbol mobile computers and the most widely deployed networking technology
- Performance advantage over wireless and modem
- Preferred solution for large data transfers
- Reduced security concerns as compared to wireless connectivity options

Built on Industry Standards

- Supports mobile computers operating serially, as USB “Host” or USB “Peripheral”
- Simple installation and seamless integration with existing network infrastructure
- Compatible with DHCP or Static IP Address assignment
- Minimize support, integration and hardware requirements

Improve Workflow & Productivity

- Users can access and synchronize their data while charging at the same time
- Access files, Local Area Networks (LANs) and the Internet
- Supports server synchronization software

Management & Configuration Utility (not applicable to PS6SMC3000UE or PS6SMC70UE)

- Provides remote management of cradles on the network
- Simplifies setup and management

PS6S9000UE

PS6S8800E

PS6S8800B-UE

PS6S8100E

PS6S1800E

Specifications

Power:	Separate AC adapter wall plug
Terminal charging:	Yes
Spare battery charging:	Yes (with the exception of the PS6S9000UE)
Connectors:	1 RJ45 Ethernet port 1 USB Mini-A/B port (PS6SMC3000UE and PS6SMC70UE) 1 power plug
Indicators / LEDs:	Ethernet Link Status, Ethernet Link Speed Terminal charge, Spare battery charge
Operating Temperature:	0°C to 40°C (32°F to 104°F)
Dimensions:	Varies by cradle
Weight (empty):	Varies by cradle, apprx 0.17 kg (6.0 oz.)
Certifications:	FCC Part 15 Class B, CE

Requirements

- 10 mbps or 10/100 mbps Ethernet connection
- CAT 5 Ethernet cable
- Power supply (sold separately and varies by cradle)
- 100-240V power outlet

Compatibility

- PS6S1800E supports Symbol 1700/1800 series mobile computers
- PS6S8100E supports Symbol 2700/2800/8100 series mobile computers
- PS6S8800E supports Symbol 8800 series mobile computers & standard life battery
- PS6S8800B-UE supports USB-enabled Symbol 8800 series mobile computers & extended life battery
- PS6S9000UE supports Symbol 9900 series mobile computers
- PS6SMC3000UE supports Symbol MC3000 series mobile computers, standard & high capacity batteries
- PS6SMC70UE supports Symbol MC70/MC75 series mobile computers, standard & high capacity batteries

Package Contents

- One Ethernet cradle (power supply sold separately)
- Quick Start Card

Ordering Information

• PS6S1800E	Single-slot serial-to-Ethernet charging cradle with spare battery charging
• PS6S8100E	Single-slot serial-to-Ethernet charging cradle with spare battery charging
• PS6S8800E	Single-slot serial-to-Ethernet charging cradle with spare battery charging
• PS6S8800B-UE	Single-slot USB-to-Ethernet charging cradle with spare battery charging
• PS6S9000UE	Single-slot USB-to-Ethernet charging cradle
• PS6SMC3000UE	Single-slot USB-to-Ethernet charging cradle with spare battery charging
• PS6SMC70UE	Single-slot USB-to-Ethernet charging cradle with spare battery charging
• 170182-002	9V/2A power supply for 1800/8100/8800 series cradles
• 170182-003	15V/2A power supplye for PS6S9000UE
• 190362-000	12V/3.33A power supply for PS6SMC3000UE and PS6SMC70UE
