AXUS – Your partner for eco-friendly technology

The innovative Price-Checker:

AXUS PriceAgent

easy to use – more efficiency

The AXUS PriceAgent is one more high quality product of the AXUS Electronics retail family. The PriceAgent can be installed anywhere in a store, including on the shelves because of optional WIFI (a-b-g-h) or cable LAN (Ethernet) connectivity.

The AXUS PriceAgent price checker unit comes with the same top quality as all other AXUS Electronics products. An omnidirectional scan pattern offers outstanding scan performance for your customers.

The PriceAgent Enterprise Server Suite helps you to integrate the system in your existing database application.
